

On behalf of the Board of County Supervisors of Prince William County and at its direction, I request the following:

1. Copies of any and all records and reports (or any non-exempt portions thereof) of the US Department of Homeland Security, the US Immigration and Customs Enforcement Division, and/or the US Citizenship and Immigration Services Division regarding those individuals taken into physical custody in Prince William County (as held by the Police Department or the Adult Detention Center) and to which physical custody was then turned over to ICE from January 1, 2008 to present.
2. Copies of any and all alien files (or any non-exempt portions thereof) of the US Department of Homeland Security, the US Immigration and Customs Enforcement Division, and/or the US Citizenship and Immigration Services Division regarding those individuals taken into physical custody in Prince William County (as held by the Police Department or the Adult Detention Center) and to which physical custody was then turned over to ICE from January 1, 2008 to present.
3. Copies of any and all reports (or any non-exempt portions thereof) of the US Department of Homeland Security, the US Immigration and Customs Enforcement Division, and/or the US Citizenship and Immigration Services Division that include data and/or statistics concerning the contacts, disposition, and/or the status regarding those individuals taken into physical custody in Prince William County (as held by the Police Department or the Adult Detention Center) and to which physical custody was then turned over to ICE from January 1, 2008 to present.

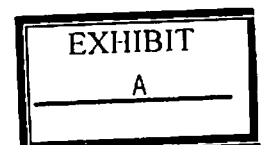

I request that the response be expedited, if deemed appropriate, as this local government has an important interest and concern in informing its citizens and the public regarding the activities of the federal government in the disposition of these matters. I certify this to be true and correct to the best of my knowledge and belief.

To the extent the three numbered items may be subject to multi-tracked processing, to the extent any one item of the three is more readily available than any other, I request the response be addressed in such a manner, as to expedite production of as many of the responsive documents, as is possible.

To the extent any records are withheld, please note my request that such records be preserved, so that they may be available upon appeal or other exercise of rights after receipt of the denial.

To the extent any responsive records are classified under Executive Order, I request each record be reviewed to determine whether it should remain classified.

To the extent, you have reason to believe responsive records may be in the possession of another agency or other agencies, please forward this request to those agencies, as well, and notify me of those agencies you believe possess responsive records and information.

I waive any notice of anticipated fees that would be provided where the estimated fees are \$500.00, or less, and insure prompt payment thereof. Thank you.
